## Start of Block: Introduction

Intro1 [Enumerators can tailor the introduction according to their contexts and previous communications with the respondents] Hello! I am calling on behalf of the International Organization for Migration (IOM). IOM is the UN Migration Agency. You were a recent beneficiary of (IOM program or activity), that is how we receive your number. The IOM is carrying out a research on migrants' integration in Dominican Republic, the purpose of this call is to learn about your experience in this country. I would like to know if you would have the time to answer a short survey of around 15 to 25 minutes. Would you have time to speak with me now? [If Yes: Proceed with survey]

[If No:] Would it be possible to call you back some other time? [If Yes:] Which day and time would be good for you?

[Record date and time in a separate file.

Then, please close the survey here. Do not record your answers.] [If No: Thank respondent and exit survey.]

legalization\_diff Could you explain why the regularization of your immigration status has been difficult? Select all that apply:

[ENUMERATOR: do not read out loud what is in parenthesis, only read it if the participant asks for more information about the category.]

- Not aware of the existence of the regularization measure (1)
- Lack of knowledge of the procedures (i.e. do not know the required procedures/documents or about support services -hotline) (2)
- High cost of the procedures (direct and indirect economic costs) (3)
- The complexity of the procedures (multiple steps required, time consuming, distance, no access to internet, IT problems, server down) (4)
- Lack of documentation required (e.g. identity document) (5)
- Lack of interest, the regularization does not bring you much benefit (6)
- You do not plan to stay in Dominican Republic for a long time (7)
- Other reasons (specify): (8)

---
- [ENUMERATOR: do not read this option out loud, select only if enumerators mention this spontaneously]: Fear of potential negative consequences for you and your family members (e.g. reluctance of migrants with irregular status to register or apply for regularization measures in the first place, due to lack of confidence/trust in institutions and fear of being sent home deportation) (9)
- Don't know (88)
- Refuse to answer (99)
